

Annual Report 2025.

Parents' Association „Step by step“ is a beneficiary of institutional support
of National Foundation for Civil Society Development for Stabilization
and / or development of the association

March 2026.

ABOUT THE PARENTS' ASSOCIATION "STEP BY STEP"

The Parents' Association „Step by Step“ is a non-government and non-profit association established in 1996, which supports the development of democratic relations in society through protection, respect for and advocacy of children and family rights and interests and strengthening parents' voices in policy and decision making concerning children and families.

Parents' Association "Step by Step" in 2025

STEERING COMMITTEE

- prim.mr.sc. Nives Šikanić-Dugić dr.med., President
- Gorana Hitrec, prof. psych., vice president
- Zvezdana Kuprešak, mag.iur.
- Vesna Orešković, dipl.ed.
- Daliborka Vuković, prof. def.
- Tarita Mašković, univ. bacc. paed.
- dr.sc. Jagoda Novak, prof. (Secretary of the Association)

EMPLOYEES

- Executive Director: Vesna Miličević
- Expert associate: Silvija Stanić, dipl.psih.univ.spec.iur.
- Project manager: Toni Miličević, univ. spec. iur.

National projects in 2025.

CAP PROGRAM FOR PREVENTION OF CHILD AND YOUTH ABUSE

The CAP program for primary prevention of violence against and among children and young people is based on the idea that it is the human right of every child to be safe and protected from all forms of violence. At the initiative of the Parents' Association "Step by Step", the CAP program has been introduced in Croatian schools and kindergartens since 1999. In addition to children, the CAP program also includes adults close to children, i.e. their parents, guardians, and employees of educational institutions. In 2021, the Parents' Association "Step by Step" will become an ICAP (International Center

for Assault Prevention) Regional Training Center (RTC) for education and program implementation, and from 2023 it will gain complete independence, and with it responsibility for using the CAP curriculum. The CAP program has been verified by the Ministry of Science and Education and the Agency for Education and Training. A large number of users are included in the implementation annually. Every year, the Association establishes numerous partnerships and cooperation with educational institutions and civil society organizations with the aim of strengthening the CAP network and all participants in the implementation and implementation of the program.

IMPLEMENTATION OF THE CAP PROGRAM IN 2025

In the past year, special attention was paid to revising, modernizing and enriching the CAP curriculum and presentations with new knowledge and statistics. The implementation of the CAP program in all variants (Preschool, Elementary, Teen and CAP for children with disabilities) in educational institutions throughout the Republic of Croatia covered a large number of children, parents and educational workers who received complete information on the prevention of violence against and among children and young people. During 2025, the implementation included:

1,496	2,668	8,292	800
Educational staff were present at the lecture for staff	Parents listened to the lecture and received important information about the CAP program	Children and young people were included in the CAP workshops	Children and young people had individual conversations with CAP facilitators

The figures presented are transferred from the CAPIS reporting system and include only reported activities included in individual program elements. In reality, these figures are somewhat higher, as indicated by the number of requested materials. The statistics presented show an increase of at least 35 percent compared to the previous year. By monitoring the implementation back over the last eight years, we have determined that we are slowly returning to the coverage of beneficiaries that was in the pre-pandemic years.

YEAR	EDUCATOR NUMBER	NUMBER OF PARENTS	NUMBER OF CHILDREN AND YOUTH AT WORKSHOPS	NUMBER OF CHILDREN AT IND. INTERVIEWS	SEMINARS	EDUCATED CAP FACILITATORS	TRAINING OF TRAINERS NUMBER OF PARTICIPANTS
2018					1		15
2018	2,607	3,418	9,013	2,039	7	250	
2019.	3,635	3.133	10,254	1,646	7	140	
2020.	872	1,358	3,796	905	2	42	
2021.	583	1,167	3,508	606	3	53	
2022.	408	1,449	3,676	854	7	150	
2023.	744	1,702	5,936	841	11	250	
2024.	595	1,372	6,026	918	5	168	
2025.	1,496	2,668	8,292	800	6	200	

CAP SEMINARS

Educational workers assess CAP training as useful, well-prepared and adapted to the implementation and needs for training on the prevention of violence against and among children and young people. Therefore, great interest has been shown again in CAP seminars. In 2025, a total of **5 seminars for new CAP facilitators were held**, of which three for Preschool CAP, one for Elementary CAP and one for the TeenCAP program. After the trainings, the network of CAP helpers increased by **170 new members** .

Three Preschool seminars in Zagreb for a total of 101 educational staff were led by trainers Tina Budić and Matea Dujmović.

Vladimir Nazor University, Zagreb, February 2025.

DV Zrno, Zagreb, September 2025.

DV Sunčana, Zagreb, March 2025.

Elementary and TeenCAP seminars were organized in Zagreb for a total of 69 participants, and were conducted by trainers Katarina Sikirić Lukić and Matea Steiner.

OŠ Rapska, Zagreb, April 2025, Elementary CAP

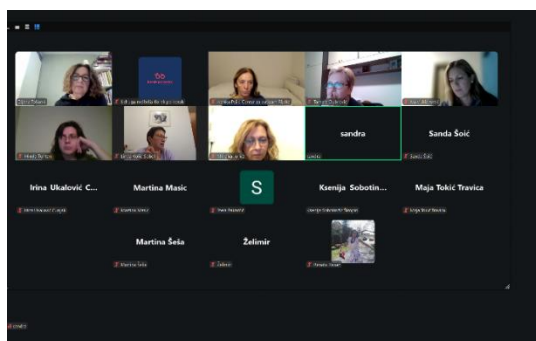

OŠPavleka Miškina, Zagreb, March 2025, Teen CAP

CAP SUPERVISION

In November 2025, a supervision meeting was held at the Zvončić Kindergarten in Zagreb for employees of Zagreb kindergartens participating in the implementation of the Preschool CAP Program. 33 educators and professional associates participated.

CAP supervision, November 11, 2025. DV Zvončić, Zagreb

The supervision meeting for CAP facilitators from Primorje-Gorski Kotar and Lika-Senj counties was led by trainer Dijana Toljanić.

TeenCAP supervision, Rijeka – November 24, 2025.

WEB PORTAL MALOLJETNI-RODITELJI.NET

The web portal www.maloljetni-roditelji.net is intended for pregnant underage women and parents, as well as young adolescents who are at risk of unwanted pregnancy and social exclusion. The web portal contains numerous articles and advice for underage users, published over the past years by professional associates: psychologists, social workers, lawyers and gynecologists. 146,000 page views were recorded, with a total of 72,000 visitors to the site.

ERASMUS+ projects in 2025.

STRATEGIC PARTNERSHIPS IN THE FIELD OF EDUCATION AND YOUTH

During 2025, we continued to implement projects funded through the Erasmus+ program within the framework of strategic partnerships in the field of education and youth. In all projects in 2025, the Step by Step Parents' Association is a partner organization.

StressOut

StressOut is a project whose active implementation began in early 2023. The association participated in the project as a partner along with 5 other partner organizations, and a total of 6 European countries were involved in the project. The project lasted a total of 30 months with a 3-month extension, and the main goal of the project was to help with the recognition, management and prevention of stress and burnout in the workplace. Through the project, together with partners, we developed StressOut training, a stress assessment tool, a mobile application and a "first aid kit", and once a year we implemented the "Stress Awareness Days" campaign.

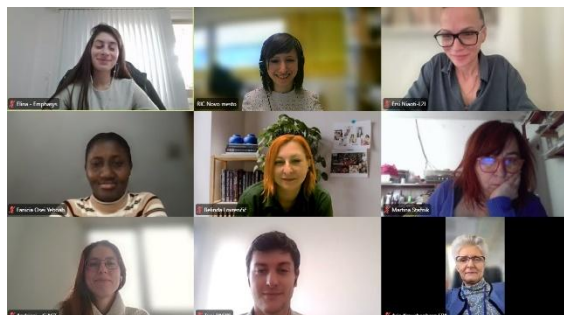

In 2025, the development of the StressOut mobile application was completed, for which Korak created a first aid package for stress and anxiety. The StressOut mobile app brings our tools for managing work-related stress directly to your phone. With clear steps, you can get practical advice that you can use throughout your workday. Through short training sessions, stress assessments, podcasts and a personal stress diary – all in one place. The app can be downloaded on Android or iOS.

The StressOut project was completed in 2025. All project results and materials can be found at: <https://stressout-project.eu/hr/>

NextGen Parenting

In 2025, the NextGen Parenting project was approved and we began its implementation at the end of 2025. **The NextGen Parenting project** aims to strengthen adult learning and empower parents by creating multi-level e-academies that encourage critical thinking and media literacy. Our shared mission is to help families navigate the digital world, challenge gender stereotypes and fight all forms of online violence, creating safer and more inclusive digital environments for the next generation. The association participates in the project as a partner along with 5 other partner organizations, and a total of 6 European countries are involved in the project.

We held an online Kick-Off meeting where partners agreed on project goals, activities, timelines, and collaboration strategies, laying a strong foundation for the exciting journey ahead.

C@RE Project

The C@RE project aims to empower social care professionals with the necessary skills to use technological advances and apply them in practice. The project aims to support the care system by creating a model that includes the acquisition of new skills required by the labor market (basic digital and relational and emotional management skills), using augmented reality (AR) as a key tool for the digitalization of learning. In the implementation of this project, which started at the end of 2022, the Association participates as a partner organization, along with organizations from Greece, Italy, Romania, France and the project leader from Lithuania.

In 2025, the C@RE e-learning platform was completed, successfully completing the implementation of the C@RE project. The platform was designed to enable users to acquire and improve new skills through seven specialized courses intended for social and care workers. The acquired knowledge and application of modern working methods not only contribute to the digitalization of continuing vocational education and training, but also empower professionals to use digital tools more effectively. This further increases their readiness for the digital transformation that the care sector is undergoing.

Platform: <https://carelearning.eu>

You can find more about the C@RE project and our results at:
https://ar4personalcare.eu/?page_id=272&lang=hr

AMIF PROGRAM – FUND FOR ASYLUM, MIGRATION AND INTEGRATION (2021. 2027.)

SCHOOLinHUB project

In 2024, we started implementing **the AMIF project - SCHOOLinHUB**, which we will implement in Croatia as a partner. 13 organizations from the European Union are participating in the project.

SCHOOLinHUB empowers schools to become centers of inclusion, bridging language and cultural differences when migrant children and their families are included in the program.

The project aims to support migrant children (aged 4-7) and their families in integrating into their new communities. The project aims to use schools as centers for integration by improving language learning techniques, helping children build social and emotional skills and reducing early school leaving. It also supports migrant parents with language lessons and encourages their involvement in their children's education and the local community.

In addition to implementing the project and participating in the development of new materials and organizing activities, he is responsible for leading dissemination activities for the entire project.

In 2025:

The SCHOOLinHUB project was officially launched with a Kick-Off meeting on 8-9 January 2025 in Nicosia, Cyprus. Partners from across Europe came together to align on the project objectives, share expectations and present strategies to foster the inclusion and empowerment of migrant children and their families. This meeting set the stage for productive collaboration and a shared commitment to achieving significant impact.

An open consultation was conducted that successfully involved migrant parents, experts and community members to address challenges and shape the work methodology. Each partner held two consultations – one for parents and community members, the other for experts and school representatives (10 participants each). Structured discussions, presentations and interactive feedback helped identify needs, create solutions and foster local partnerships. Documented insights now drive project activities and results.

From March 11th to 13th, 2025, we participated in a three-day meeting at the Berlin Cosmopolitan School (BCS).

The aim of the meeting was to share the best practices of our host with other partners in their work with migrant children from different parts of the world. The meeting was attended by participants from all 13 partner organizations in the project, together with one educator from each partner country.

With the completion of Work Package 2, we have achieved our goal of improving integration and language learning programs by systematically collecting best practices, engaging target groups, facilitating transnational learning, and providing tools for assessment and improving inclusiveness. We are now working to finalize the results of Work Packages 3 and 4 to support community integration and the empowerment of migrant parents through joint guidance

and language skills. Preparations have begun for the start of Work Package 5, which includes the integration of programs into schools.

We developed the SCHOOLinHUB podcast series that brings together voices from nine European countries to share experiences and strategies for integrating migrant children into schools. Episodes focus on overcoming language and cultural barriers, fostering inclusive classrooms and supporting migrant students. The series offers practical insights for educators, policy makers, and education stakeholders striving to build more inclusive education systems. Link: [Podcast series](#)

MEMBERSHIP IN ORGANIZATIONS AND INTERNATIONAL COOPERATION

European Digital Learning Network - DLEARN

In early 2020, the Step by Step Parents' Association became a regular member of the European Digital Learning Network - DLEARN, a non-profit organization whose goal is to develop digital skills and learning opportunities in response to the challenges brought by digital transformation. During 2025, the Association's employees participated in online training sessions held

by DLEARN with the aim of strengthening capacities for launching new projects within the Project Lab.

Network of associations for children

The Network of Associations for Children was established in 2023 with the aim of analyzing and monitoring public policies related to children, with an emphasis on groups of children in a disadvantaged position. The Network is comprised of 19 members, associations and umbrella organizations operating throughout the territory of the Republic of Croatia, advocating for the well-being of children and youth. These are: Children First, Brave Phone, SOS Children's Village Croatia, Ardura Šibenik Association, the Association of Associations "Our Children" of Croatia, Ambidekster Club, Society for Psychological Assistance/Modus Center, Croatian Association for Early Childhood Intervention, Krijesnica, Children's Creative Center DOKKICA, Society Our Children Opatija, Sirius-Center for Psychological Counseling, Education and Research, Association "Igra", Parents' Association "Korak po korak", Association "Sidro", Association for Children and Youth "Čarobni svijet", Association "Prevenција", Association "Breza" and the Center for Missing and Abused Children.

The association participates as an associated partner of two EU networks

European Parents' Association – EPA

The European Parents' Association (EPA) is an organization that aims to support democratic principles and promote greater participation of parents and the local community in the upbringing and education of children.

COFACE Families Europe

COFACE Families Europe – a network that brings together civil society organizations from across Europe with the aim of advocating for family rights, monitoring the implementation of family and social policies in member states, and creating recommendations at the European level. COFACE Families Europe advocates for family rights, monitors the implementation of family and social policies in member states, monitors the

sustainable development goals defined by the United Nations, and focuses on establishing a balance between work and family life.

Participation in conferences, cooperation and organization

The Parents' association continuously invests in cooperation with key stakeholders at the national and European level, and the Association's representatives participate in numerous professional conferences with the aim of improving the system of child and family protection, as well as a better environment for civil society. In 2025, the Association's representatives participated in professional conferences in the field of sexual violence prevention, implementation of counseling and psychological support for children and parents, cooperation with small organizations for lasting impact in society, as well as the development of guidelines for public policies within the Network of Associations for Children. The Association organized seminars, supervision within the CAP program, and final conferences and accompanying activities on EU projects.

COMMUNICATION WITH ASSOCIATION MEMBERS

The Association regularly reports on all its activities on various platforms for the purpose of sharing information about project activities, workshops, education and campaigns. The Association's website <https://urkpk.org/> in 2025 recorded 8,500 visitors and 89,000 views. The Facebook page @ Ur.KpK has been active since 2013, and today has 2,432 followers, with posts reaching an average of around 450 users. In 2024, the Association also opened its Instagram profile.

In addition to the Facebook page, the Association has been reporting on its activities for years through a **Newsletter** that we send twice a year. This way, more than 1,000 users are reached, and each new Newsletter generates positive interaction, which shows that subscribers are reading the news and using the materials.

ASSOCIATION IN THE MEDIA

In 2025, the association continuously published information about the implemented activities and achieved results on the Erasmus+ project websites, as well as on its social networks and website. Educational institutions publish articles on the implementation of the CAP program on their websites.

PARENTS' ASSOCIATION "STEP BY STEP" STRATEGIC PLAN 2026-2030

STRATEGIC GOALS

1. PROMOTION OF RIGHTS, BENEFITS AND SOCIAL ENGAGEMENT OF CHILDREN AND YOUNG

- 1.1. Identifying needs and monitoring the implementation of policies towards children and youth
- 1.2. Responding to problems and situations in society that are of interest to children and young people
- 1.3. Promoting a systematic approach to preventing child and youth abuse
- 1.4. Promoting responsible sexual behavior
- 1.5. Promoting and protecting the mental health of children and young people
- 1.6. Promoting equality and social inclusion of children and youth

2. EMPOWERMENT OF FAMILIES AND SUPPORT OF PARENTHOOD

- 2.1. Identifying and monitoring the needs of parents and families, especially from vulnerable groups
- 2.2. Strengthening the voice of parents in creating policies and decisions affecting children and families
- 2.3. Quality improvement parents' lives and information, education and counseling for parents
- 2.4. Promoting responsible parenting
- 2.5. Protection of sexual and reproductive health and promotion of responsible sexual behavior and provision of assistance and support to pregnant minors, mothers and their families
- 2.6. Protection of mental health of parents and families, especially vulnerable groups

3. RESEARCH, ADVOCACY, EDUCATION AND EMPOWERMENT OF BENEFICIARIES/PARTNERS, DEVELOPMENT OF INNOVATION AND STRENGTHENING THE CAPACITY OF RELEVANT STAKEHOLDERS TO PROTECT AND PROMOTE THE RIGHTS AND WELFARE OF CHILDREN

- 3.1. Conducting research and advocacy activities in the areas of children, youth, family and parenting, as well as education, health protection and promotion, and social inclusion and protection
- 3.2. Development of innovations within the framework of strategically oriented projects
- 3.3. Strengthening the capacities of relevant stakeholders through information, education and training

4. COMMUNICATION, COOPERATION AND NETWORKING AT EU, NATIONAL, REGIONAL AND LOCAL LEVELS

- 4.1. Strengthening the visibility of activities of the Associations through dissemination and increased visibility
- 4.2. Development of EU intra- and inter-sectoral cooperation and networking, nationally, regionally and locally
- 4.3. Participation in international and national campaigns that promote the rights and interests children, young people, parents and all families

5. ORGANIZATIONAL DEVELOPMENT AND FINANCIAL SELF-SUSTAINABILITY

- 5.1. Development and empowerment of human resources and development of volunteerism
- 5.2. Sustainability and financing
- 5.3. Strengthening the Association's communication capacities

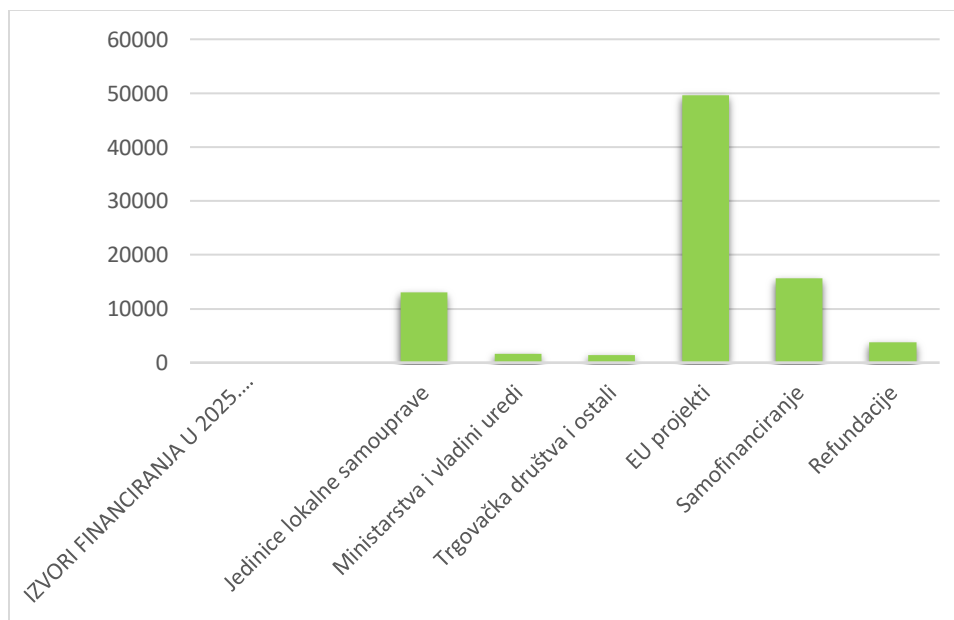

FINANCING OF THE ASSOCIATION

The Association's projects and programs in 2025 were financed mostly from the budget for EU projects, then from local government units, the state budget, companies, and from self-financing activities.

The CARE project was completed at the beginning of the year, and the StressOut project in September 2025, both funded under the Erasmus+ program. During the year, the AMIF project SCHOOLinHUB, which was funded directly by the European Commission, was continuously implemented.

The CAP child abuse prevention program is implemented throughout Croatia, and funds for the implementation of activities are provided partly by the cities and counties in which the program is implemented (City of Zagreb, City of Rijeka, City of Velika Gorica, Koprivnica-Križevci County) and partly from self-financing. At the end of the year, two contracts were signed with the Ministry of Health, Welfare and Sport, but the funds and implementation have been largely redirected to the next period. Within the CAP program, self-financing activities are carried out through the organization of seminars, which represents a significant contribution to the self-sustainability of the Association.
